Education (K-12)	422,784,036	433,316,977	442,770,692	9,453,715	2.2%
Total Expenditures	867,103,415	893,188,663	907,469,028	14,280,365	1.6%

- There is a shift in funding between Wages & Salaries and Employee Benefits due to an increase in wages with a corresponding decrease in the Virginia Retirement System rate. This shift is mandated by the Commonwealth. Health insurance premiums decreased in total during FY 2012-13. This decrease is budgeted into FY 13-14, but partially offset with an estimated 5% increase in premium rates mid-year.
- The Other post employment benefits increased by \$750,000. This, along with Medical insurance for retirees, represents 95% of the \$12.3 million annual required contribution (ARC) as last determined by the City's actuary. Increasing the City's annual contribution indicates its commitment to the viability of health care benefits for current and future retirees.
- Utiltities, mainly electricity is expected to increase. This increase is for street lights.
- Purchased Services increased mainly in Public Works for (1) outside contracted professional services in the Bridges program, (2) resurfacing of streets, (3) maintenance contracts for HVAC, elevators, and generators, and (4) Stormwater cave-in repairs and pipe rehabilitation.
- Waste Management/SPSA fees has been reduced by \$1.5 million largely because municipal waste collections have fallen with the success of recycling efforts. Also, the successful privatization of the regional waste-to-energy plant has allowed tipping fees to drop from \$170 per ton in FY 2010 to \$125 per ton starting July 2012.
- Consumable Goods is a broad category which includes the purchase of small tools, office supplies, materials such as nuts and bolts, chemicals, and uniforms. The main increase can be found in Public Works for repair parts and chemical supplies.
- Debt Services for the Chesapeake Expressway was reduced from \$5.1 million in FY 2013 to \$724,250 in FY 2014. Since the Expressway is an enterprise fund, the reduction in Expressway debt service will remain with the enterprise fund and is not available for other government uses. For further explanation of this reduction, please refer to the Manager's Message.
- Capital outlay includes purchases of items over \$5000 with a useful life of more than one year. In the past, Public Utilitities has funded much of their capital outlay through the Capital Improvement Plan. For this fiscal year, recurring capital outlay expenses have shifted to the Operating Budget.
